

MARIEM KADHIM

OAA intern architect | Architectural Designer

M.ARCH | MRAIC | LEED Green Associate | RIBA Part 1

Hamilton, ON | [linkedin.com/in/mariemkadhim](https://www.linkedin.com/in/mariemkadhim)

PROFESSIONAL PROFILE

OAA Intern Architect with **4+ years of professional architecture experience**, complemented by independent design and construction coordination work. Experienced across residential, mixed-use, institutional, commercial, and industrial projects from schematic design through construction administration. Strong in Revit documentation, BIM workflows, consultant collaboration, and technical problem-solving, with practical experience supporting active site work.

PROFESSIONAL EXPERIENCE

Project Lead & Designer

Private Residential & Agricultural Redevelopment Project | Hagersville, ON | Apr 2024 – Present

- Led design and construction renovation coordination for a 113-acre residential and agricultural property.
- Produced drawings, technical solutions, and field modifications in response to site conditions.
- Managed trade coordination, material procurement, scheduling, and construction sequencing.

Intern Architect

Curran Gacesa Slote Architects Inc. (CGS Architects) | Hamilton, ON | Feb 2023 – Aug 2023

- Produced permit and tender packages for institutional and mixed-use residential projects.
- Developed construction details, schedules, and permit documentation while coordinating consultant drawings.

Notable Projects: LMCH Southdale (53-Unit Affordable Housing) | HWDSB Frontenac Public School (Façade Re-cladding)

Architectural Intern

Contempo Studio | Toronto, ON | Apr 2021 – Aug 2021

- Developed Revit and SketchUp models, visualizations, and presentation materials for residential projects.
- Supported the transition of office workflows from AutoCAD to Revit.

Architectural Graduate

Adamson Associates Architects | Toronto, ON | Nov 2016 – May 2019

- Facilitated weekly coordination meetings, tracked outstanding submittals, and contributed to construction administration workflow for CIBC Square.
- Developed construction documentation, technical details, and BIM models using Revit.
- Coordinated consultant information to resolve design challenges and support drawing production and delivery.

Notable Projects: The Well, Toronto | CIBC Square, Toronto

Architectural Intern

Invizij Architects Inc. | Hamilton, ON | Dec 2015 – May 2016

- Produced schematic drawings, renderings, and bid support materials.
